$1000 REWARD

is offered as a guarantee that neither Dr. Pierce's Favorite Prescription NOR Dr. Pierce's Golden Medical Discovery contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 57 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery,' and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I get a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Mighty Explosion.

A cablegram from Cairo, Egypt, says: "The world's record in submarine explosions has been made at Alexandria with a consignment of explosives from Nobel's, Glasgow, which was being shipped to Cairo in native boats. One of the boats, on which were 16½ tons of dynamite, was wrecked. The explosives were salved and taken to Aboukir. Owing to contact with the water the dynamite had generated gases which made it a public danger. So it was conveyed a quarter of a mile out into the bay from Aboukir fort, off Nelson's Island, and sunk in 15 feet of water. Then it was exploded by electricity. The sight was one that never will be forgotten by those who saw it. The sea was perfectly calm. All of a sudden, without any visible warning, there was a tremendous upheaval of water. The sea became a churning mass for a great distance around and a waterspout of gigantic height arose toward the sky. The sun, shining on or rather through the mass, gave it a superb glistening appearance and produced a wonderful effect. The rising water lasted nearly two minutes. It was estimated by a technical spectator that the waterspout attained a height of 2,000 feet and that its base was 200 feet in diameter. These details, coupled with the fact that the explosive consisted of 6½ tons of zelignite and 10 tons of blasting gelatin, which contains 90 per cent. of nitroglycerine, and is therefore one of the most powerful of explosives, make this explosion one of the greatest that have taken place since explosives were invented."

Death in Feuds.

Three men met instant death and a fourth was fatally wounded in a desperate duel fought yesterday in a blacksmith shop at Thorn Hill, four miles from Tate Springs, Tenn., and sixty miles northeast of Knoxville. The dead men are John and Will Holland, brothers, and Will Bundren, all white, and members of well-known families. The wounded man is Clint Winkle, a negro, supposed to be in the employ of Bundren. Enmity has existed between the Holland and Bundren families for the past four years. It grew out of the killing of Col. John Crozier by Bruce Bundren, father of the man killed yesterday, for which crime the elder Bundren is serving a life sentence in the penitentiary. Trouble, which threatened Sunday, was averted, but yesterday Bundren, accompanied by the negro, entered the blacksmith shop of the Hollands, and, after a few words, firing began. Twenty shots were fired, and when the smoke had cleared away, three men lay dead on the floor of the shop, and the fourth was mortally wounded. The Hollands used Winchesters, and Bundren and Winkle used pistols. The death of the Hollands wipes out the entire family, with the exception of the parents.

Three men were killed and one mortally wounded in a sensational shooting affair which occurred at Palmetto, La., Sunday. Tom Carroll, Oscar Fredericks and John Magee were those killed, and Constable F. A. Soileau was mortally wounded. The cause of the trouble is supposed to have been long standing ill feeling between Carroll and Constable Soileau.

Rojestvensky Blamed.

Russian naval officers at Vladivostok say that when Rojestvensky's ships went into action none of his officers knew his plans; Nebogatoff had had but one conference with him since the junction of the two squadrons; the ammunition gave out after the first day's fighting; the Oslabya was sunk without a hole below her water line, and that the crews had had practically no target practice.

Rojesvensky's position was cramped, and his transports were badly placed and caused confusion. While the Japanese were raining projectiles even from machine guns on the Russian ships the latter were huddled together, blanketing each other's fire. Only the leaders of the columns could bring their guns to bear, and even those the untrained gunners fired wildly. The mines and floating torpedoes sown in the paths of the Russian divisions added to the confusion. The Borodino, Admiral Nakhimoff and Navarin fell victims to these obstructions.

The sailors and officers were not altogether to blame, according to the statements made by officers of the ill-fated fleet. The main fault lies elsewhere. There were many heroes among the Russians. Captain Berkh, of the Oslabya, committed suicide on her bridge as the ship sank rather than save himself. There were thousands of other heroes whose names the world will never know.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

License and Tag, $1.50.

AND VIRGINIA ADVERTISER

TUESDAY EVENING, JUNE 13, 1905.

THERE IS trouble in the Royal Arcanum, caused by the sudden jump in insurance rates, and the dissatisfaction is gaining force daily. There is a suspicion among many of the members that the new rates were inspired by one of the old-line life insurance companies, which is scheming to squeeze all the old men out of the Arcanum and then grab what is left of the insurance feature of the order. This may or may not be true, as other reasons are given for the dissatisfaction now prevailing. Nearly all mutual insurance companies experience more or less trouble at times, but by good management they are generally piloted out of their difficulties. We prefer to believe this will be the case with the Royal Arcanum. It is an old American institution, embracing among its members many of the best and most representative citizens, and those who are taking an optimistic view of present conditions indulge the hope that the order will eventually enter the open sea again and continue on in its commendable mission, tempering the rude hand of death by providing for such as have been deprived of bread-winners. The two councils in Alexandria have since their formation been justly regarded as among the best of our institutions. Their rosters contain a large percentage of our most useful and prominent citizens, and all hope that the affairs of the order will soon be placed in a condition satisfactory to all interested.

AS DRIPPING water wears away a rock by its continuous patter the standpatters appear to have worn away President Roosevelt's determination to call Congress in extra session. It is now announced upon what appears to be very good authority that he has finally abandoned even the belated after-the-election November session. Last winter it was said an extra session would be called immediately after the President's inauguration; then a summer session was suggested; then one in October and then one in November; now it is said there will be no extra session at all. In speaking of the abandonment of the extra session, the Philadelphia Record says:

Rate regulation and tariff revision must take their chance in the regular order of the regular side-swiping of the regular long session procedure. It is one thing to be insistently strenuous and quite another thing to be strenuously insistent.

IT HAS been over forty years since war dispatches have been sent from Alexandria. There was a time in the memory of many now living when war was a reality and when it was dangerous for any description of vessels to pass up the Potomac, and when men-of-war were compelled to keep at a distance from the frowning batteries which lined the west side of the river. In the days referred to vessels arrived here showing damage from solid shots. The gunboat Pawnee engaged the batteries at Aquia creek in 1861, but was compelled to withdraw after having her smokestack damaged by a cannon ball. Such scenes were far more impressive then those being enacted at present and which have again made this vicinity the point from which to send dispatches.

THE INGERSOLL-RAND COMPANY has been incorporated at Trenton, N. J., with a capital of $10,000,000, of which $5,000,000 is preferred stock and $5,000,000 common. The new corporation is a combination of the two largest concerns manufacturing steam and electric drills, the Ingersoll-Sergeant Company and the Rand Drill Company, which for more than thirty years have been active business rivals. The Ingersoll-Rand Company will take over the many patents of the two concerns and will manufacture air compressors, mining and quarrying machinery and pneumatic tubes, as wells as drills and with its immense capital will be able to crush out all competitors and fix prices to suit itself.

The promise which the Pope is reported to have made to create a cardinal for Brazil has led Argentine to make the request for a cardinal. The Pope has agreed to take the matter under advisement.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 13.

Active exchanges of communications between the Russian and Japanese governments, through the medium of President Roosevelt, are now going on as to the place and time of meeting of the peace commission. Each suggestion from the Russian Ambassador here is transmitted to the Japanese Minister, and vice versa. Various places have been mentioned any one of which may be chosen; among them: Washington, Newport, Manchester-by-the-sea, Geneva, The Hague, Stockholm, Mukden and Chefoo. One thing is quite certain, neither Tokio nor St. Petersburg would be satisfactory to both belligerents. The argument being made against Washington at this time is that the weather would be uncomfortable here for a summer session. On this account Newport and Manchester, the summer homes of several of the Washington diplomats have been suggested, provided the belligerents should decide to have the meeting place here. It is understood that each belligerent has named two or three places, either one of which would be satisfactory. As every suggestion must be cabled to both St. Petersburg and Tokio, it may be a day or two before the location is definely announced.

From a high official authority it is understood that The Hague is likely to be the compromise location for the meeting of the Japanese and Russian peace plenipotentiaries. The first Cabinet meeting at the White House since the President effected the first great move in the direction of peace in the east, was held this morning, and much of the session was devoted to a discussion of the matter. The President received the warmest congratulations from his ministers on his achievement. During the meeting the President notified the Cabinet members that the formal acceptance of his peace proposition had been received from the Russian foreign office through Ambassador Meyers.

Seven new cases of yellow fever on the Isthmus of Panama are reported by Gov. Magoon of the canal zone as having occurred between the 5th and the 9th of the month and one case which was among the three reported in his cablegram of yesterday has resulted in death. The list made public this morning is larger than any that have preceded it.

Miss Alice Roosevelt arrived in Washington this afternoon at 1:18 over the Penusylvania Railroad from her visit in Cincinnati. She came unattended and rode in the regular public Pullman car. The White House carriage was waiting for her and she proceeded at once to the presidential home.

$50,000 for Young Rouss.

Though the Court of Appeals of New York, not long ago reversed the $100,000 judgment obtained against the estate of Charles Broadway Rouss, the blind merchant, who died three years ago, by J. Arthur Fischer, as guardian of Charles Broadway Rouss, an illegitimate son, the executors of the estate have agreed to compromise the lad's claim by turning over $50,000 to the guardian—just half the amount sued for. An order discontinuing the action on these terms will be entered shortly.

The boy was 13 years old on the 5th of this month. His mother, Mrs. Eva Sue Figgett Rosseau, was one of several women with whom Rouss got entangled in his later years. She said that he had made her his common law wife after the death of Mrs. Rouss, and the executors thought enough of her claim to settle $23,000 on her in lieu of dower. In the suit in behalf of her child Mrs. Rosseau testified that Rouss had maintained her in her apartments in Washington square where he visited her constantly and exhibited the strongest affection for the boy.

Germany Gets Concessions.

A dispatch from Fez, Morocco says: "German friendship for Morocco has already been rewarded by several minor commercial concessions. This is regarded in diplomatic circles in London as a precedent liable to create complications if other grants follow, because it would change the status quo and perhaps cause France to abandon her attitude of patience thereby leading to a crisis. The Sultan maintains his absolutely independent attitude, while the Moorish officials regard Count von Tattenbach-Ashold, head of the German mission to Morocco, as a guardian angel. The count is credited with having made numberless statements among them one in which he is alleged to have told the Sultan that Germany was quite prepared to protect him against France. It is stated that the Moorish officials are reconciled to the possibility of the proposed international conference being finally vetoed by France and Great Britain, but that they believe the proposition will be supported by other powers, and it is further stated that the Sultan is prepared to indefinitely resist the proposals of the French government."

Five Jacks Upset the Police.

The Lewistown, Pa., police declare that have been able to get along with four "Jacks" in the neighborhood, but now that a fifth has been rung into the game they think somebody is playing the joker.

For weeks there have been four mischievous fiends in this neighborhood—"Jack the Hugger," "Jack the Slasher," "Jack the Ripper" and "Jack the Kisser." Now "Jack the Joker" is causing lots of trouble. His particular specialty is borrowing the teams of country gallants who are calling on their sweethearts. The young men bemoan their losses and walk home—from one to ten miles. On each occasion the team has been found next morning hitched to the post from which it was taken.

Soldiers are patrolling the streets to prevent people from entering the ruins of Jewish houses. The Jews used revolvers in self-defense.

Saturday the man was found stark naked wandering through the woods near St. Louisville, Ohio. When arrested and taken to Newark the prisoner said he had lost his clothing trying to escape from officers, who wanted a $2,500 reward offered for his arrest.

Spectators in the Supreme Court of Nassau county, N. Y., gasped yesterday when they heard Architect Abner J. Haydel, who is suing Howard Gould and his wife, declare that Mrs. Gould once went into a furious rage and called him a "damned architect" and threatened to have him ejected from her presence. Haydel's suit is to recover $54,742, which, he contends, is for commissions due him for plans which he has drawn for the castle that Mr. Gould was to erect on his estate at Sands' Point, which was to have been a fac-smile of Kilkenny Castle, in Ireland. Mrs. Gould was in court with her husband.

Parachute Jumper Falls 70 Feet

William D. Hayden, 26 years old, the Haverhill (Mass.) aeronaut, after descending from a height of several thousand feet in a parachute at Lakewood Park, Conn., Saturday night, landed, during a stiff wind, in a 70-foot Chestnut tree.

Despite his efforts to save himself, branch after branch eluded his grasp until he fell to the ground on a pile of stones. He was picked up for dead and carried to Waterbury Hospital. Physicians have little hope for his recovery. Hayden had a premonition that something would happen to him before making the ascent.

An Acre of Sea Trout.

There were no fish-hooks aboard, but a piece of rag on a string would be snapped at ravenously.—Virginia Citizen.

Today's Telegraphic News

Peace Prospects.

St. Petersburg, June 13.—In well informed circles it is believed that the rumors that have been spread abroad, giving such a hopeful outlook for peace on the strength of the negotiations, are exaggerated, Russia's official views, it is pointed out, are not yet known, and nothing has been established except her willingness to meet Japanese plenipotentiaries. Peace, it is believed, is still very doubtful. Protests are being received constantly from many quarters against ending the war. The objections come mainly from military quarters. Don Cossacks especially declare they are unwilling to recognize any settlement.

London, June 13.—Europe is entirely without information in regard to the progress of the peace negotiations. Washington is now the center of the world's news. The papers are filled with Washington telegrams dealing with the all important subject.

The continued optimism of the American government in the ultimate success of the negotiations has weakened the skepticism which has prevailed in Europe. The feeling is now growing that President Roosevelt will be able to bring the negotiations which have been undertaken at his initiative to a successful conclusion.

London, June 13.—Business was resumed on the stock exchange after the triple holiday with a cheerful and confident sentiment, the forthnightly settlement being influenced by general opinion that peace in now practically assured, subsequently the market shaded somewhat on continental selling on the Moroccan incident.

Paris, June 13—Russian securities had an unprecedented rise of 2 points in the Bourse today on the strength of the peace negotiations which have been initiated. Nevertheless, uneasiness is felt in official circles, where a doubt is expressed for the first time as to the success of the peace effort. Private dispatches which have been received here convey the impression that Japan is merely pretending to desire peace in order to win the approbation of the world, when, as a matter of fact, she does not want the war to end at this time. Japan, it is said, has determined to insist upon peace terms which she knows Russia cannot accept, and a meeting of plenipotentiaries will be without result.

St. Petersburg, June 13.—Russia now wants only peace, but an alliance with Japan She seeks not a partial, conditional association like England's agreement, which will expire by limitation in a year and a-half, but a thorough potential alliance, offensive, as well as defensive, one that shall rule the destinies of Asia.

Rioters and Jews Clash.

Warsaw, June 13.—Martial law has been declared at Brest-Litovsk where fierce fighting has been in progress between Jews and rioters. The disturbances, which started in the Jewish quarter, have spread all over the town. The soldiers in the town have not been able to put down the uprising and Gen. Ostrogradski has been sent from St. Petersburg to take charge of the situation and preserve order. The troubles which began on Sunday were started by reservists who arrived there in a famished condition, as they had not been fed on a long railway journey. They at once began a raid on grocery stores owned by Jews. The Jews defended their property and a fight resulted. Christians joined with the reservists in attacking the Jews and a whole street of Jewish stores was devastated. In the first clash it is reported that 24 Jews were killed and 38 persons, mostly Jews, were wounded. The Jews, however, inflicted some damage on the assailants, a number of whom were wounded. The fighting continued yesterday. The Jews organized for their own protection and secured arms. When the attack of the soldiers was resumed, the Jews fired. The soldiers replied with volleys. A miniature pitched battle followed in which many were killed and wounded on both sides. Troops which were sent to quell the outbreak fired into the mass of fighting men, and temporarily restored order. An investigation following the firing by the regular troops disclosed the fact that most of the men killed by their fire were Jews. After the pitched battle the rioters separated into small bands and kept up their depredations throughout the town. It is feared that there will be other conflicts of a serious nature unless General Ostrogradski is able to restore order immediately upon his arrival there. At present a panic prevails among the 40,000 inhabitants of the town.

Girl Fights Burgular on Roof.

Shenandoah, Pa., June 13.—Alone at her home Sunday night, Miss Ida Mader, a pretty young society girl of this city, heard a noise upstairs, and, going to investigate, found two masked burglars at work in her room, one of whom jumped through a window at her approach.

Setting down her lamp, Miss Mader grappled with the other fellow and tore the mask from his face. The burglar, hampered with a load of silverware, tried to escape with his plunder, but the girl was getting the best of it; so, dropping his load, he threw her to the floor and jumped through the window upon an adjoining roof.

Not to be vanquished so easily, the plucky girl followed and caught his coat as he was about to leap to the ground. Holding to him for dear life, she screamed for aid, but soon became exhausted and was forced to relinquish her hold, and the fellow, jumping from the roof, disappeared in the darkness.

Trouble in the Royal Arcanum.

Boston, June 13—"Its a bunco game," "Highway robbery," "They are trying to smoke the old members out;" "Cold blooded;" "If we once submit to the new rates, we'll be powerless." These were only a few of the sensational statements made last evening by members of the subordinate councils of the Royal Arcanum concerning the supreme council and the new and increased rates which this council has prepared to go into effect October 1. In interviews and at excited meetings of subordinate councils in Boston last evening, the change was discussed with greatest indignation and the new system almost universally condemned. Even the published appeal of Ferdinand S. Read, Grand Regent for Massachusetts, asking the members to give the new system a trial for one year was unheeded. Many of the old members whom the change hits especially hard inasmuch as it raises the rates of insurance in proportion to age could not afford to keep up their insurance, even a year under the new system. Their premiums would be almost five times as great as before. Some members predict the death of the order unless a compromise is effected.

The Island of Saghalien.

St. Petersburg, June 13.—It is reported that the government is considering the question of selling the island of Saghalien to some foreign power which may be willing to buy the island. The money which would be secured as the purchase price would be applied on the indemnity which Japan in all probability will demand as the price of peace. It is stated in certain quarters that the United States is regarded as a probable purchaser, many statesmen believing that the Washington government can be induced to buy the island. Saghalien island is a large island lying almost directly to the north of Yesso, one of largest islands of the Japanese group. It has been rumored that Japan would demand the ceding of this island to her as one of the peace requisites. Some time ago a report was sent out from St. Petersburg that the United States government was negotiating for the purchase of the island, but this was denied from Washington.

Railroad Accidents.

Louisville, Ky., June 13.—A special eastbound train on the Southern Railway from St. Louis and the southwest, for Louisville, was ditched half a mile west of the Golden Gate, Ills., today. The coaches turned over, and the engineer and fireman were killed. It is reported that a number of passengers were killed and injured. The train was composed of eleven coaches from St. Louis, and was bringing veterans to the Confederate reunion here.

The Southern Railway offices here say that three passengers and the fireman ware killed in the wreck. The first reports placed the loss of life between thirty and forty.

Roanoke, Va., June 13.—A fast freight train on the Norfolk & Western Railway ran through a bridge near Ingleside this morning. Engineer Adams, of this city, was caught under the engine and killed. Fireman Collins was injured.

Naval Attack Repulsed.

Washington, D. C., June 13th.—A long distance phone message from Fort Monroe says that about 3 o'clock this morning the battleship Texas and two other vessels of Admiral Dickens's fleet appeared off that point and were "sunk" by a vigorous fire from the coast artillery guns. According to this report Admiral Dickens has divided his fleet, sending his smaller vessels up the Potomac and using his heavier ships against Fort Monroe. Reports reaching here state that the squadron of smaller vessels is rendezvoused at Blackistone Island about 75 miles down the Potomac, with torpedo boats and destroyers thrown up the river as scouts to a point ten or twelve miles below Forts Hunt and Washington and just without the range of their guns.

A Dastardly Act.

Indianapolis, Ind., June 13.—Mrs. Sarah Kepner was severely burned about the face, neck, and arms late last night by carbolic acid, thrown by an unknown person. She may lose both eyes. Mrs. Kepner went into the rear yard to get a drink. As she was fastening the door, when she went into the house again, some one threw a liquid into her face, and then fled. The liquid caused intense suffering and it was discovered that it was carbolic acid. A man and a woman are under suspicion. Mrs. Kepner and her husband received an anonymous letter stating that an attempt would be made on the wife's life, but they thought nothing of it.

Killed by Fall from Window.

New York, June 13.—Carl A. Claussen, a broker and member of the Produce Exchange, was killed early this morning by a fall from a window in his suite of rooms on the fourth floor of an apartment house at 113 west 76th street. It is not known whether he was the victim of an accident while walking in his sleep or purposely threw himself from the window. His friends and members of his family hold the theory of accident, as they say he had no reason to commit suicide. Mr. Claussen was 56 years old and was quite wealthy. He is survived by his widow, one son, Walmer, and two daughters.

Collision with Electric Car.

Chicago, June 13.—A westbound passenger train running at a speed of 40 miles an hour crashed into a southbound Calumet electric car at avenue C and the Baltimore and Ohio Railroad tracks, in south Chicago, today. Welcome New Pastor.

The membership of the First Baptist Church last evening welcomed Rev. Dr. W. F. Fisher, formerly State evangelist of the State Mission Board, to the city and to the pastorate of the Baptist congregation. An excellent programme of music and addresses followed by a reception was carried out. Dr. Fisher was but recently called to the pastorate of the church, and last evening he was accorded a formal welcome at a reception tendered by a very large congregation. There was a large representation of the various denominations of the city. Mr. James R. Mansfield, chairman of the committee on recognition services, presided. The programme was opened by singing "Come Thou Almighty King" by the congregation, following which was invocation by Rev. J. A. Jeffers, of the Trinity Methodist Church. Then the choir sang "Great and Marvelous," after which scripture reading was conducted by Rev. J. H. S. Ewell, of the Methodist Protestant Church. Then prayer was offered by Rev. J. P. Stump, of the M. E. Church South following which Mrs. D. M. Steers and Mr. Philip Scantling, of Washington, sang a duet, "My God and Father While I Stray." Rev. Dr. Frank R. Boston, of Warrenton, Va., delivered an address of welcome on behalf of the Baptist Potomac Association, of which this church is a member, at the conclusion of which Miss Lucy Graves sang "I heard the Voice of Jesus Say." This was followed by an address of welcome on behalf of the Ministerial Conference of this city by Rev. Dr. F. J. Brooke, of the Second Presbyterian Church. "Nearer, My God to Thee" was then sung by Misses Annie and Maggie Vierkorn and Messrs. W. T. Wilkins and M.L Dinwiddie. An address of welcome on behalf of the ministerial conference of Washington by Rev. Dr. Weston Bruner, pastor of Fifth Baptist Church of Washington, following which Dr. C. E. Outcalt sang "The Garden of Rest." Senior Deacon Adam Martin of the church then welcomed the pastor on behalf of the Sunday school and church auxiliaries, following which a Sunday school class sang "The Shepherd."

At this point in the programme little Irene McCleary, a Sunday school scholar, presented to Mrs. Dr. Fisher in a few well chosen remarks on behalf of the ladies of the church a large bouquet of flowers which was graciously accepted. The choir then sang as an anthem, "Savior When Night Involves the Skies." The closing address of welcome, on behalf of the church, was delivered by Rev. Willis L. Wayts, a member of the church, who is at present one of the State Evangelists of the State Mission Board. Following Mr. Wayts' address the congregation sang "Blest Be the Tie that Binds." The evening's exercises were brought to a close by a response and benediction by the pastor of the church, Dr. Fisher. The music for the occasion was under the direction of Mr. William E. Owens, assisted by Mr. Wm. H. Starnell, and the accompanist was Mrs. F. D. DeDier. The church was beautifully decorated with potted and cut flowers and palms. Each number of the programme was well rendered, and the committee having in charge the recognition services deserve much praise for the successful manner in which the same were carried out.

Died from His Wound.

William Steele, the navy yard employe who was shot during a quarrel with William Pruitt, a painter, at the latter's home near Twining City, adjoining Washington, Sunday afternoon, died at the Washington Asylum Hospital yesterday morning. During the man's short stay at the hospital he suffered intense agony. His hand was almost shot off, and the abdomen torn to pieces by the shot. Pruitt, who was arrested shortly after the shooting, admitted that he shot Steele He said the trouble resulted from an old quarrel. The latter, so Pruitt said, was one of a party of hunters who some time ago, trespassed upon Pruitt's farm Pruitt said a row followed, but that it was smoothed over until Steele brought it up again Sunday afternoon in the presence of the party at the old Naylor mansion, where Pruitt lived, and repeatedly taunted him with his failure to do something at the time. Steele was forty-two years old, and is survived by a widow and one child.

Closing Exercises.

The closing exercises of the School for Girls were held last evening at the residence of the principal, Mrs. Frances B. Ewing, on Prince street, in the presence of an appreciative audience composed of the friends and patrons of the school. The last number of the programme was a recitation for children, written for the occasion, entitled "The Holidays." In their picturesque costumes the little people made a charming appearance. The larger pupils gave, in good style, several scenes from "Romeo and Juliet," that brought them much well merited applause from the audience.

The programme included several selections from Liszt, Beethoven and other composers, which showed the excellent work done by the class in music.

In the primary department prizes were awarded for good lessons in all her classes to Miss Esther Mansfield and for good lessons in spelling to Miss Marian Kennedy. For good lessons and elocution a prize was also awarded to Miss Lilian Darley and for improvement in her studies to Miss Matilda Nowland. For excellence in their lessons prizes were awarded to Misses Manie Brown and Leslie Baggett.

In the academic department prizes were received by Miss Ethel Larmand for good work in her German class, and general improvement, and by Miss Fannie Henshaw for high average in her examinations.

For regular attendance and perfect behavior a prize was also received by Miss Esther Mansfied.

The "Sunshine Prize" was awarded to Miss Delia Peverill

Gold medals were awarded to Miss Marie Porter Henshaw for general improvement, and for her good work and improvement in music to Miss Rose Reed.

The awards were happily made by Rev. Edgar Carpenter, of Grace Church.

Good Samaritans

The State Grand Lodge Independent Order Good Samaritans and Daughters of Samaria, a colored organization, convened at 10 o'clock this morning in the Alfred Street Baptist Church. The session was called to order by State Grand Chief C. F. Hubbard in private session. At 10:30 Mayor Paff welcomed the delegates on behalf of the city; Rev. Alexander Truatt, on behalf of the church, and Rev R. B Clarke, on behalf of the local lodges, also made welcoming speeches. There was a street parade this afternoon of the local and visiting lodges, delegates and knights from Lynchburg Richmond and Washington, headed by the National Brass Band of Washington.

The attendance at this session of the grand body is said to be larger than at any previous meeting. The session will continue until Friday, when the election of officers will take place. The State membership of the order at present is 5,700. It is a fraternal organization that has done much in many places in the way of caring for the sick and poor of the colored race. It has a large membership in this city, which embraces some of the best colored people here.

The Revenue Office.

As heretofore stated a petition has been numerously signed by the business men and citizens of Alexandria requesting Collector Summers not to remove the Internal Revenue office from Alexandria. The petition was sent to Mr. Summers by Mr. T. C. Smith, who has received the following reply:

Alexandria, Virginia, June 9, 1905.

Hon. T. C. Smith, Cashier Alexandria National Bank, Alexandria, Va.:

My Dear Sir:—Your letter of June 1, 1905, enclosing a numerously signed petition of the citizens of Alexandria requesting that I continue the location of the Internal Revenue office in Alexandria, received, and, in reply, will say that I am very favorably impressed with this city and with the location of the office, and hope that my relations with the people may be such that I shall have no cause for wanting to remove the office.

With kind regards,

L. P. SUMMERS.

Body Found in River.

The body of an unknown white man, hooked by his clothing to a fishing line which was attached at the other end to an upturned rowboat, was found floating in the Potomac river near the south end of the Long bridge, yesterday afternoon. The man was about forty-two years of age. There were no papers or marks about his clothing which would give the police any clew as to his identity. It is believed the body had not been in the water long when discovered. Inquiries among the boathouses by the police furnished no information about the man. No one could be found who hired the boat to him, or who could identify the boat or the man. It is the belief of the police that the man secured the boat some distance up or down the river, and lodged the boat at a point near the Long bridge to fish, early in the morning. It is supposed he fell asleep while fishing, and, falling overboard, his body was caught by his own hooks.

Suit Over Sand.

George B. Morton and the Potomac Dredging Company, of Baltimore, are plaintiffs in a suit for an injunction filed in the District of Columbia Supreme Court yesterday against the Columbia National Sand Dredging Company, a Virginia company, and Louis E. Smoot, defendants. Morton alleges that he is a citizen of Prince George's county, Maryland, and the owner of Auburn, a farm on the southern side of Piscataway creek, in Prince George's county, and that he is entitled to a bed of sand lying on the southern bank of the creek. The Potomac Dredging Company, of Baltimore, has been taking away the sand from this land, under a grant made by Morton. Recently, it is alleged, the defendant corporation and Louis E. Smoot have taken away sand in violation of the plaintiff's property right and the rights of the Potomac Dredging Company, under the grant.

Maccabee Excursion.

The Maccabees have had an auspicious day for their excursion, and it has been liberally patronized. The boat will make a trip late in the evening for the benefit of those who cannot leave their employment during the day The Maccabees excursions have heretofore been among the most popular given during the summer season, and the committee having today's affair in change have worked assiduously to make it, like the preceding, pleasant and enjoyable. Those who go down tonight may witness the naval attack on Forts Hunt and Washington.

The City Council meets tonight.

Expect Attack Tonight.

Intelligence from Fort Washington is to the effect that officers on duty at that fortification and at Fort Hunt, just across the Potomac, are expecting an attack by the hostile fleet of Admiral Dickins tonight. Reliable information was received here this morning to the effect that at daybreak today a large part of the fleet was at anchor off Blackistone Island, in the lower Potomac, about seventy miles below this city. The Potomac river is well mined and the defenses of Forts Washington and Hunt are in a high state of efficiency. Both officers and men are on the qui vive and declare they will do their utmost to prevent Admiral Dickins demonstrating that he could take a hostile fleet up the Potomac and bombard Washington A perfect line of communication has been established between the defenses of Washington and the fortifications of Baltimore and Fort Monroe. While no one knows positively what Admiral Dickins' next move will be, it is thought extremely probable that Washington will now be his objective and that he will then devote the remainder of the week in a demonstration against Fort Monroe.

A dispatch from Fort Hunt says that Admiral Dickens' fleet of war ships, bent upon attacking Washington city, was reported this morning in the Potomac river 8 miles below Forts Washington and Hunt, the defenses of the capital city. This information was brought to Col. B. K. Roberts and Major H. L. Harris commanding the two forts by a passenger steamer which came up the river shortly after 6 o'clock. All the vessels of the attacking squadron except the battleship Texas, which was constructively put out of business yesterday at Baltimore; the cruiser Hartford and gunboat Hornet were said to be in the squadron. It was believed here this morning that a day-light attack would be made upon Washington today. At ten o'clock this morning officers in the watch tower there picked up what appeared to be a small naval vessel several miles below the fort, but it disappeared before its identity could be ascertained. The day is bright and clear, and, in the opinion of artillery officers, it would be almost suicidal for Admiral Dickins to attack until dusk, although they are prepared for any contingency. The twilight hour would be the most favorable from the naval point of view, when it is too dark to aim the guns accurately and still too light to work the search lights.

Corporation Court.

[Judge L. C. Barley presiding.]

After examining several policemen and a number of other witnesses, the grand jury yesterday evening, after the Gazette's report had closed, brought in an indictment against Richard C. Burnett and his wife, Maggie J. Burnett, charging them with selling liquor without a license and a capias was at once issued for their arrest. The grand jury was then adjourned until 3 o'clock this evening.

This morning Burnett and his wife appeared in court and gave bond in the sum of $500 each for their appearance on Thursday, for which day their trial was set.

As stated yesterday the grand jury summoned before it the entire police force and a number of the city officers. It was reported on the streets that, from the inquiries made and information secured, the grand jury when it makes its report will show a sad state of affairs existing in the police force which amounts to a total inefficiency of that force brought about by jealousies, factions and incompetency—if nothing worse.

Court reconvened this evening at 3 o'clock when the grand jury went into session again. The Mayor, Chief and Lieutenant of Police and over half of the police force were present as witnesses.

Final Dance.

The Episcopal High School boys last night at McBurney's Hall, in this city, gave their final dance of the season. The hall was prettily decorated and the dance was largely attended. Douglas, Dr. L. Greene, M. L. Hooff, D. J. Howell, A. R. Hoxton, Dr. H. McGuire, W. Reade, C. H. Smith, W. A. Smoot, jr., C. S. Taylor. Lewis Middleton Ansley, Joseph Hopkinson Bowen, John Lyle Campbell, jr., Churchill Jones Gibson, James Keene Daingerfield, Richard Payne Jones, Richard Potts Johnson, William Berry Marbury, Theodore Tomlinson Kennedy, Beaudric Lafitte Howell, Ewan Donald Cameron, Marion Hyer.

A Fearful Fate.

Also best for cuts, burns and injuries. 25c at E. S. Leadbeater & Sons Druggist.

Warning Trespassers.

The Southern Railway Company has posted notices along the tracks on Wilkes street that read as follows:

"The public is notified that these railroad tracks and right of way are no thoroughfare; must be used by trains and are dangerous for pedestrians who are warned to use the public streets and keep off these private premises."

In view of the fact that the courts have decided that property owners own the streets to the middle thereof, the posting of these notices has caused some comment.

The Light Infantry.

The Alexandria Light Infantry received $350, as percentage of the amount received by the Jones-Adams Carnival Company, which exhibited in this city last week under the auspices of the Light Infantry. The money will be used in the improvement of Armory Hall The company received 15 per cent. of the receipt from entrances; 25 per cent. from the concessions and 50 per cent. from the programme advertisements.

Collided with Gates.

The horses attached to a vehicle collided with the railroad gates at the intersection of King and Fayette streets at a late hour last night and smashed the safeguards. The vehicle was on its way to the Episcopal Theological Seminary at the time and the gates had been lowered while a train was passing. One of the horses was knocked down, but not seriously injured.

Police Court.

There was but one case before Justice May in the Police Court this morning, that of Sallie and Catherine Timbers, colored (mother and daughter), who had been arrested by Officers Mayhugh and Patterson charged with disorderly conduct. They were fined $2 each. The couple have for many years been patrons of the Police Court.

Baseball League.

The managers of the different baseball clubs met at the Tontine Hotel last night. Six clubs were represented—the "Potomacs," by B. Dobson; the "Virginias," by M. Hicks; the "Invincibles," by R. Lawler; the "Alexandrias," by A. Gray; the "Orientals," by F. Meade, and the "Old Dominions," by H. Davis. The following officers were elected; Charles Sherwood, president; Frank Meade, secretary; George Patterson, treasurer; Peter Astryke, umpire. The six clubs have turned in a list of players who have been signed by the managers. No player will be allowed to play ball with any other team in the league; he must play with his club. This gives each club a chance to get a strong team together. Three games will be played each week on the old fair grounds on Mondays, Wednesdays and Fridays at 5 o'clock. Each club must have a full team on the ground in time for the game or forfeit the same. Each club will be uniformed at once. The first game of the season will be called at 5 o'clock on Monday, June 19th, between the "Orientals" and the "Virginias." Both are strong teams and a good game is looked for.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Read Carefully

By using Coldren's Extra Heavy Jar Gums you need no wrench to close or open your jars, consequently there will be no broken cap linings or tops of jars.

See that the edge of the cap is smooth and even, then screw it down with your hands (use no wrench,), and when the time comes to open the jar, pull the gum by the lip and it will easily slip from under the cap.

These rings are made double-thick and of an A-1 quality, hence we guarantee they will stay in position under the edge of the cap when placed in use, which is not the case with many of the cheap and thin cut goods. Try them and you will be convinced.

TUESDAY EVENING, JUNE 13, 1905.

Love on a Scaffold.

Joe Levy, Duke of Essex street, New York, captured another bridal couple yesterday to the great discomfiture of the Essex Market Bar Association.

The rain was pouring down in torrents and the other barristers and their solicitors moved their officers in from the sidewalk. Duke Levy, however, stood out in the rain in a rubber coat and rubber boots waiting to capture some stray client. A young man and a woman came along and he intuitively diagnosed the situation.

"Looking for a lawyer, yes? Come right inside, we have the finest in the city. We got the best bargains and the cheapest prices."

The duke led the man inside and the girl followed.

"I want to get married," said the young man.

"Ah; you are in the right place," said Levy, who is a notary public. "We can marry you quicker, cheaper and faster than any notary on the street."

"What is your young man's business?" asked Levy as he spread out the legal papers.

"He's such a fine artist," she replied.

"He's a painter."

"Where did you first meet him?" asked the Duke.

"He was painting the front of my house," she said, "and he was on the scaffold when I looked out of my window, and saw him. Such a lovely color he painted that house; every day I would talk with him on the scaffold out of my window, and we fell in love."

"That is right," said the young man. "It was love on the scaffold at first sight."

The couple described themselves as Rudolph Court, of 641 east Sixth street, and Tessie Mosologo, of 291 east Fourth street

"Do you want him?" asked the Duke.

"Sure."

"Do you want her?"

"Sure."

"Both of you belong to each other. That is all. Don't forget my fee."

Levy got $2 and then kissed the bride.

"All these other guys were asleep around here," he said afterward, "when I pulled off this trick."

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.
